Attachment B-1

EXEMPTED FROM AUTOMATIC DOWNGRADING AND DECLASSIFICATION

Clerk, C-1-A, \$354.80

From all monitored foreign radio material not included in the published daily reports (comprising close to one-half of all broadcast material monitored by the FBI), selects pertinent intelligence items for forwarding to Government agencies requesting this special service.

In addition to intimate acquaintance with the monitored foreign broadcast material received by the F.B.I., this requires an ability to evaluate broadcasts in terms of the types of intelligence requested and to select broadcast items pertinent to the special requests.

Incumbent is also responsible for maintaining files of a variety of reports, e.g., the NBC Digest and Summary of World Radio Broadcasts, the Voice of America Summary of Monitored Broadcasts, texts of important broadcasts, etc., received by the FBI, Washington, D. C.
